

Friends and Family Returns July 2026

PPG Analysis for Drs Adey and Dancy, Tarporley Health Centre

Friends and Family Survey responses are the only feedback the Patient Participation Group (PPG) receives. They are an important part of the efforts of the PPG and the Practice to improve the services provided.

Responses

There were 37 responses in total.

Response category (opinion of the practice by patient)

Very good	Good	Neither good nor poor	Poor	Very poor	Don't know
22	2	1	8	4	0

Comments

There were 29 comments. Most of the comments cited ease of getting an appointment, the excellent service and the care and professionalism of all staff. **Every member of staff should be proud of their contribution.**

All comments are anonymous, and we only include those where the patient gave permission to share them. The table below provides more detail on these comments.

NB The number of responses above and comments noted in the table below may not be numerically equal as not all respondents leave a comment or some respondents leave more than one comment.

Table of Comments July 2026

Medical Service comments	No of comments	Admin Service comments	No of comments	Health Centre comments	No of comments
Exceptional do not change the service	8	Excellent Reception	4		
Lack of communication / updates	3	Positive staff comments	2		
Disappointed with physio appointment	2	Ease of getting appointments	6		

Medical service comments – issues directly associated with seeing a GP or Nurse (to be addressed mainly by the medical staff).

Admin service comments – issues associated with trying to get an appointment to see a medical practitioner (mainly in the control of the Practice Manager).

Health Centre comments – issues associated with the ‘experience’ of visiting the Health Centre.
